Listing details

Reference Number: RF186376

Common

Title: 2017 Softex-Invest V-24I
 Aircraft Type: Multi Engine
 Engine Type: Piston
 Ad Type: For Sale
 Condition: New
 Price: \$ 390,000
 Fuel type: Avgas
 Built: 2017
 Registration: UR-EXN
 Posted: 02.10.2018

Description

Description: The 2018 Softex Aero V-24I "The Flying Dream" is a new plane of generation. It is two-engine light plane designed by Softex Invest Aero especially for customers who appreciate safety and comfort, in combination with high flight characteristics with modern technology. Engineers were involved in the designing of this plane, and also research-pilots who understand needs of modern aviators better than others. The plane was created based on the latest research in the aviation industry and flight safety systems.

Airframe / Engines / APU

Airframe:

- 4 seats
- two propellers with variable pitch
- hydraulic station with hydraulic system
- landing gear
- electric control system flaps and trims
- ventilation system
- fuel capacity 68.7gallons (Average cruising speed of V24 with two engines Rotax 912ULS is 140 knots. SOFTEX V24 is able to perform nonstop flight with four passengers on aboard for a distance up to 702 nautical miles and suitable for medium haul distances)
- useful load 1080 lb

Engines:

-Two 100hp ROTAX-912S3 engines (These engines may use both, automobile with octane grade 95), which in combination with two-blade swept, auto feather pusher propellers MT Propeller with changeable pitch in flight makes a great impression. They are powerful and low-consumption at the same time.)

Avionics

Avionics:

State of the art avionics:

- DYNON D1000 / D1000T
- GARMIN GTN 650
- SV-COM-X83
- RNAV 1, RNAV-5
- BENEDIX KING KN-63
- SV-XPNDR-261
- ACK E-04 ELT
- GH025

-ATC-4PS

Interior / Exterior

Interior: -Personally customizable cloth or leather interior in any color
Exterior: -Personally customizable any color

Additional information

Maintenance: Additional options:
-Second pilot instrument board
-Two-channel autopilot
-VIP interior (leather, armrest for the back passengers, lightning, sound proofing)
-Cabin heating system
-BRS rescue system
-Exclusive exterior color and design
-Complex for instrumental flight
